

## THANK YOU FOR PURCHASING ERICA SYNTHS BLACK SERIES MODULE!

Erica Black Series includes high-end, unique functionality and superior quality modules. Only the best, highest quality components are used, all inputs and outputs are protected against undesired overvoltage. When designing Black Series, we put design and usability superior. Big knobs are assigned to key functions of the module, which makes Black Series ideal for live performances. Enjoy!

**Erica Black Mixer/Splitter** is advanced replacement for stackable patchcables.

We give you four independent buffered input mixer and buffered output signal splitter in one module!

### TECHNICAL SPECIFICATIONS:

Max input level..... -10V – +10V  
 Power consumption... +25mA, -25mA  
 Module width ..... 4HP  
 Module depth ..... 25mm

Apply signal, you wish to mix here! Inputs are DC coupled, so you can use it for mixing CV or audio signals. Remove jumpers on the PCB and you get AC coupled mixer and splitter for better audio quality!

Apply signal, you wish to split here! Input is DC coupled, so you can use it for splitting CV, clock or audio signals.

Status LED gives you visual indication on input/output signal amplitude. Especially useful for clock and CV signals

Here you have output of the mixer – all signals from inputs are mixed together. Mixer has gain 1

On outputs you get 4 identical independent signals – exact copies of input signal

## SAFETY INSTRUCTIONS

Please follow the instructions for use of this Erica Synths module below, 'cause only this will guarantee proper operation of the module and ensure warranty from Erica Synths.

Water is lethal for most of the electric devices, unless they are made waterproof. Erica Synths module is NOT intended for use in a humid or wet environment. No liquids or other conducting substances must get into the module. Should this happen, the module should be disconnected from mains power immediately, dried, examined and cleaned by a qualified technician.

Do not expose the module to temperatures above +50°C or below -20°C.

Transport the instrument with modules installed carefully, never let it drop or fall over. Warranty does not apply to modules with visual damages.

The module has to be shipped in the original packaging only. Any module shipped to us for return, exchange and/or warranty repair has to be in its original packaging. All other deliveries will be rejected and returned to you. Make sure you keep the original packaging and technical documentation.

You will find Erica Synths terms of warranty at <http://ericasynths.lv/en/terms/>

Items for return, exchange and/or warranty repair have to be sent to: Erica Synths, Andrejostas Str.12, Riga, Latvia, LV-1045

## DISPOSAL

This device complies to the EU guidelines and is manufactured RoHS conforming without use of led, mercury, cadmium and chrome. Nevertheless, this device is special waste and disposal in household waste is not recommended.

Designed and made in Latvia.  
User manual by Girts Ozolins@Erica Synths.  
Design by Baiba Stelle.  
Copying, distribution or any commercial use in any way is prohibited and needs the written permission by Erica Synths.  
Specifications are subject to change without notice.  
In case of any questions feel free to contact us via e-mail [info@ericasynths.lv](mailto:info@ericasynths.lv)
